Tuition Payment Information

FPP offers two options for paying tuition. You can pay your balance in full, or you can make monthly payments. If you choose to use a credit card for payment in full or for monthly payments, there will be a 2.75% processing fee on the total amount charged. We partner with FACTS to manage our monthly payment plan. If you select this choice, your account balance is divided into an 11-Month payment cycle, August through June. You can choose to have an automatic withdraw from checking, savings, or credit card. FACTS charges a set up fee. Monthly costs do not fluctuate with holiday seasons, school breaks, student absenteeism or emergency closures.

Tuition Assistance

The Grant and Aid division of FACTS facilitates our tuition assistance program. To be eligible for assistance, an enrollment form must be completed for each student who will be attending, and an inquiry email **must be sent to Aaron Byers at abyers@fpptacoma.org**. At that time you will be given instructions and the link to begin your application. This application must be submitted on-line to FACTS by the designated deadline.
